EAST JAVA - INDONESIA – The Mount Bromo Tengger Semeru Ultra Run race is a unique event that aims to challenge your inner spirit and physical state, as well as to provide race participants with magnificent natural beauty and environment of Bromo Tengger Semeru National Park in East Java - Indonesia at various altitude level.

Running at the high altitude region of Bromo Tengger Semeru National Park, you will experience tracks filled with various scenery, such as sea of volcanic sand (2.200 masl) with low temperature and strong wind. Then you will be running through rural back roads, forest path and prairie with a distant magnificent view of the highest mountain in Java, Mount Semeru (3.676 masl) and the tranquility of Lake Ranu Kumbolo (2.400 masl).

At last, this Bromo Tengger Semeru Ultra Run race will challenged you through 3 different distances, 170 km, 102 km, 70km and 30 km, in comfortable weather conditions and a very scenic route.
